

**Amendments to the Claims:**

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A combination of a car bumper and a light unit for a car, the car bumper covering a portion of a waistline of a vehicle body and comprising an outside skin formed by a wall of plastics material, the light unit having as component elements both a housing suitable for containing at least one light source and a glass enabling light emitted by said light source to be diffused, wherein the outside skin of the car bumper includes an arrangement forming at least a portion of at least ~~one of the component elements~~ the glass of the light unit ~~and the component element of the light unit formed by the outside skin is the glass, the glass being assembled to the outside skin in a permanent and non-removable manner~~ by overmolding or co-injection.

2-10. (Canceled)
